

YEAR ROUND

 Interested labs may register their interest in applying on nongmoproject.org throughout the year.

APPLICATION SUBMISSION

 Interested laboratories can submit documents for approval

FOLLOWING APPROVAL

- Onboarding: execution of laboratory agreement
- Licensing: payment of annual licensing fees

ANNUAL RENEWAL

- Yearly reapproval requires documentation review
- If approval requirements change, approved laboratories are given 6 months to comply

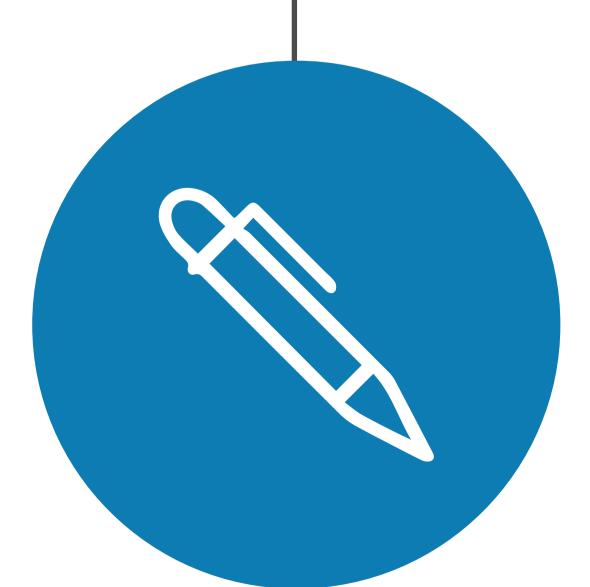

- Application period opens for the year
- The Project will email application requirements and fee schedule

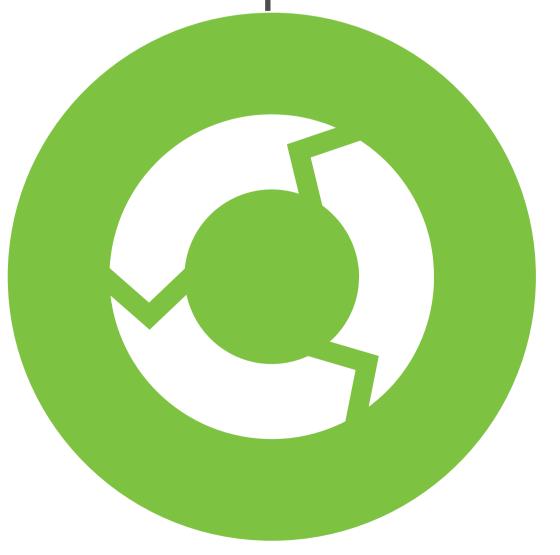

APRIL 1

- Deadline for complete application
- The Project reviews submissions and determines approval or nonapproval

JULY 1

- Deadline for completion of onboarding, licensing, and payment of fees
- Laboratories are officially approved, featured on the Non-GMO Project website, and authorized to advertise their service as an approved lab

Non-GMO Project Approved Laboratory Application Process
